Jose Pablo Ramos Castillo	http://ramoscastillo.com/es-mx Suggested ranking: Up and Coming José Pablo Ramos Castillo is the founding partner of Ramos Castillo Abogados and leads the firm's real estate administrative and constitutional litigation. He has acted for developers and property owners in disputes concerning land-use restrictions, development permissions, expropriation measures and the protection of private property. He led the representation of El Cielo Country Club in two amparo proceedings challenging decrees that halted urbanisation of the development after it was designated as a natural protected area. The Sixth Collegiate Administrative Court of the Third Circuit upheld the amparo granted in the 2018 proceeding, while relief obtained in the 2021 proceeding nullified the update to the Local Ecological Management Programme as it applied to the client's properties; that judgment was enforced in July 2024. His current work includes leading the indirect amparo brought for Duranpark in connection with the expropriation decree affecting the 207.5306-hectare Durango Logistics and Industrial Center, where a definitive suspension protects the property and possession pending the constitutional hearing. He also leads mandates involving alleged governmental takings of private property, challenges to restrictions on residential real estate activity under NOM-247-SE-2021, and technical property-boundary disputes involving private land and asserted public zones. Ramos Castillo Abogados represents INMOBILIARIA DESARROLLO LA PRIMAVERA in ongoing proceedings concerning a Zapopan property affected by a 2017 administrative-recovery agreement. The agreement was intended to recover properties for public use connected with Guadalajara's drinking-water supply; the client contends that its property was taken and used for purposes other than those stated in the agreement. The firm developed a contingency plan that included amparo 932/2017 before the Second District Court in Administrative, Civil and Labour Matters in Jalisco.
